

Sarah Anne Forrester.

Everyone at the Kelly Foundation is heartbroken at the sudden loss of our lovely Sarah.

She was completely committed to the charity and devoted to her two young children.

Sarah was pivotal in the work that we do here at the Kelly Foundation and her loss is a hugely traumatic event, not just for us and her colleagues but more especially for her children and family.

Sarah was an incredible person, kind, thoughtful, considerate, caring and funny and she embodied everything that we hope our charity is and can be.

She enjoyed her role with us and we all loved working with her, she will be truly, truly missed.

Out of respect for her family, we will not be making any further comment at this time.
